BURGLARY PROTECTION SOLUTION
TIME-DELAY CASH REGISTER

ALISEA

BURGLARY PROTECTION SOLUTION

Fichet-Bauché has designed the Alisea time-delay cash register with functionality, efficiency and ergonomics in mind. Alisea is perfectly suited to all your operating methods and helps improve the service you provide to your clients.

Easy-to-use, highly functional and highly secure – Alisea is designed for the storage of cash in the workplace and has a programmable time-delay feature to ensure security.

To optimise storage, there is an extensive range of fittings options, including a coin drawer, stationery drawer, security compartment. An optional “discretion shutter” can also be added to conceal the contents of each drawer.

DID YOU KNOW?

The unit is available in four ergonomically designed models with an easy-to-use control panel and door opening to 90°.

INTERIOR FITTINGS

Alisea is designed with a wide door opening for great ease of access to your funds. It can be equipped with a suspended file drawer, as well as a security compartment. The clever design fo Alisea makes for easy maintenance.

From left: Lockable banknotes case available as option (supplied with 2 keys), drawer located behind control panel, Cash drawer and deposit box.

BURGLARY PROTECTION

Alisea can be anchored to the floor, in the same way as a safe, or mounted in the base. It can also be fitted directly into the furniture using a special fixing kit.

A single key is used for activation, deactivation and locking the drawers, and the electronic control panel is used to operate the unit. The panel also displays the number of minutes remaining on the time delay.

EASY TO USE

Alisea offers a wide door opening to help access to the funds. It can be equipped with a drawer for hanging files added to the secured locker.

According to it's optimised design Alisea is easy to maintain.

FICHET-BAUCHE GUARANTEE

Fichet-Bauché products are designed and manufactured in accordance with the ISO 9001 standard for Quality Management Systems and ISO 14000 for Environmental Management Systems. All Alisea components are tested by the Fichet-Bauché laboratory in compliance with the current European standards.
